## A message from JAMES

Dear Fellow Cruiser,

I'm excited to bring you the latest edition of our *Founders* magazine, one which has been a long time coming.

It's no secret that we work with the world's most luxurious and all-inclusive cruise lines to bring our customers the absolute best voyages available on the market. One of those cruise lines is Seabourn.

A stalwart of the cruising industry, Seabourn is the pinnacle of ultra-luxury cruising and our team love them, with good reason.

Whether it's their attentive service (we're talking bringing you your favourite cocktail before you've even sat down in the bar), excellent food (hello new restaurant, Solis!) and immersive itineraries (featuring their unique caviar event, more on that later), Seabourn delivers extraordinary experiences every step of the way.

Right now, Seabourn are offering an exclusive onboard credit of up to \$2,300 per suite on select sailings. That's cash to spend on immersive shore excursions, rejuvenating spa treatments or a thrilling night in the casino!

Also, at a time when Panache Cruises is evolving, it's important to note that Seabourn is evolving, too. In recent years, they've launched two expedition ships, Seabourn Venture and Seabourn Pursuit, which offer sailings around the Arctic, Antarctica, South America, French Polynesia and the Kimberley region of Australia.

So for those of you who are unfamiliar with Seabourn, welcome to our one-stop guide. For those who are familiar with Seabourn...where do you want to go next?

Grab a coffee, put your feet up, and let us introduce you to one of our all-time favourites in luxury cruising.

All the best,

James Cole  
Founder and CEO  
Panache Cruises

# Seabourn Moments

Sail together and discover the joy of cruising with Seabourn, where every voyage combines luxury, comfort, and unforgettable experiences. Whether enjoying a relaxed alfresco dinner on deck, sipping a cocktail as the sun dips below the horizon, or simply unwinding in your suite, every Seabourn moment is designed for connection and enjoyment. Each ship in the Seabourn fleet offers all-veranda accommodations, exceptional dining and attentive service, ensuring that your time at sea is as effortless as it is memorable.

Seabourn's fleet includes vessels ranging from the intimate Seabourn Encore and Ovation, to the expedition-ready Venture and Pursuit, designed for exploring both classic ports and remote destinations. Days can be spent exploring pristine beaches, discovering vibrant ports or taking part in onboard activities that blend sophistication with fun. Evenings invite you to gather with fellow guests, share stories and enjoy world-class cuisine in relaxed settings. Sailing together aboard Seabourn transforms a journey into shared moments of laughter, indulgence and lasting memories.

# Luxury — WITHOUT — compromise

Imagine stepping aboard a sleek, yacht-style vessel where every detail has been designed for your enjoyment. That's the Seabourn difference. With a young and modern fleet, Seabourn sails to the world's most desirable destinations — from the icy fjords of Alaska and the Arctic to the sun-drenched Mediterranean and the hidden gems of Asia and the Caribbean — offering experiences both iconic and unexpected.

From the moment you arrive, you'll find yourself immersed in a world where everything is included. Unlimited premium beverages, world-class dining, WiFi and gratuities are all part of the

experience, allowing you to relax and indulge. A nearly one-to-one staff-to-guest ratio ensures your every need is anticipated, while each suite features its own ocean view, creating a private sanctuary at sea.

Dining aboard Seabourn is a journey in itself. From Michelin-inspired menus at The Grill to fresh Japanese creations at Sushi or al fresco evenings under the stars, the choice is entirely yours. Open-seating venues give the freedom to dine when and with whom you choose, reflecting Seabourn's signature style of relaxed sophistication.

Days ashore are equally remarkable. Curated excursions provide exclusive access to UNESCO World Heritage sites\*. Every moment is an opportunity for discovery, whether kayaking in pristine waters or savouring local flavours. When you book with Panache Cruises you gain more than a voyage — you gain the reassurance of bespoke service from our expert team, guiding you seamlessly from first enquiry to return home.

For those seeking elegance, intimacy and indulgence at sea, Seabourn is the ultimate escape.

\*Excursions are extra charge on normal ocean cruises.

# WE'VE BEEN On board

**Marketing Manager Olivia was invited to Southeast Asia to experience the best of Seabourn on a fantastic voyage of discovery in what she claims is the most beautiful region of the world...**

Singapore, Thailand, Cambodia, Vietnam, Malaysia. All places on so many travellers' bucket lists. I was thrilled to embark on an epic journey aboard Seabourn Encore and spent two weeks exploring some of the key sights in Southeast Asia.

From walking around Singapore's majestic Gardens by the Bay and swimming off secluded Thai islands to exploring Vietnam's war history in Ho Chi Minh City and sampling local delicacies in Kuala Lumpur's street markets, this cruise gave me a taste of the region and I've been dying to go back ever since.

The restaurants aboard Encore served up locally-inspired dishes and 'themed' culinary evenings, the entertainment was spectacular and the whole vibe on board was laid-back luxury.

The highlight of my trip was undoubtedly getting to experience the incredible 'Caviar in the Surf' event on the beautiful island of Koh Kood, AKA the closest I have ever come to paradise.

After a few hours of relaxing, snorkelling and paddleboarding, the caviar was ready and everyone swarmed like bees to honey! Champagne was flowing, tropical fish were nibbling at the crumbs and the atmosphere was amazing. There was a buzz in the air as everyone was marveling at how surreal the experience was.

While it may seem odd to stand in the ocean waiting for your turn to take a cracker with some caviar on it from a butler on a surfboard, this is truly a once in a lifetime experience.

If you're looking for something a little different on your next holiday, I urge you to book a Seabourn voyage.

# Caviar in the Surf

Seabourn's signature event, Caviar in the Surf, is a unique beach experience that combines gourmet indulgence with the natural beauty of some of the world's most stunning coastal destinations. Available on select sailings, the event transforms beach day into a private celebration of luxury, offering guests an opportunity to enjoy world-class cuisine, fine champagne, and exclusive activities in an intimate setting.

Guests begin by wading into the shallow surf, where crew members serve chilled champagne on ice and premium caviar directly from surfboard bars. This unusual setup allows passengers to enjoy these indulgences while experiencing the ocean in a relaxed, interactive way. The event is designed to create a sense of exclusivity and personal attention, with staff ensuring that every detail is carefully managed.

On the beach a full gourmet barbecue is laid out, featuring fresh seafood, grilled dishes, seasonal fruits and desserts. Guests can choose to dine at tables set along the sand or enjoy the casual atmosphere of loungers and cabanas. Live music is often provided, adding to the festive, celebratory atmosphere without being intrusive.

Seabourn's Caviar in the Surf is hosted at only two exclusive tropical locations, Carambola Beach in St. Kitts and Ko Kood in Thailand. Each destination is selected for its privacy, natural beauty, and suitability for a small-group luxury experience, allowing

guests to enjoy both the scenery and the event without crowds.

In addition to dining, participants have the opportunity to engage in water activities such as snorkeling, paddleboarding and kayaking. These options allow guests to explore the surrounding environment safely while remaining close to the event's social and culinary elements.

The combination of luxurious fine dining, beautiful beaches and optional watersport activities make the unique, luxury Caviar in the Surf a distinctive feature of Seabourn cruises. It is a prime example of the line's commitment to creating experiences that are both lavish and memorable, offering passengers a unique way to connect with the places they visit. For anyone aboard, it is a highlight that blends gourmet dining indulgence with the relaxed enjoyment of the ocean and beach.

Did you know, Seabourn also host 'Caviar on the Ice' events on polar expeditions? The ship's deck becomes a glittering stage with its backdrop of stunning polar scenery. Kitted out with an ice bar serving chilled champagne and caviar, Caviar on the Ice is a surreal and unforgettable experience at sea.

# VENTURE *FURTHER,* PURSUIT *AWAITS*

Set your sights on destinations that few ever have the chance to explore aboard Seabourn's two extraordinary expedition ships, Venture and Pursuit. Purpose-built to PC6 Polar Class standards, these vessels are designed for discovery in the most remote and challenging environments on Earth, from the icy wilderness of Antarctica and the Arctic to the volcanic islands of the South Pacific and the wild coasts of South America.

On board, just 264 guests are welcomed into all-veranda, ocean-front suites, each offering panoramic views and private space to connect with the world outside. Interiors by renowned designer Adam D. Tihany combine the spirit of a modern expedition lodge with Seabourn's unmistakable elegance, ensuring comfort and style are never compromised — even in the most dramatic surroundings.

The real magic lies in the adventures each day brings. Submarines dive deep beneath the surface for an entirely new perspective on the ocean, while fleets of Zodiacs, double sea-kayaks and even mountain bikes allow you to explore these pristine landscapes up close. Accompanying you every step of the way is Seabourn's expert Expedition Team of naturalists, scientists and adventurers, who bring the world around you to life through storytelling, guided exploration and genuine passion.

When you return from the day's discoveries, you are embraced once more by Seabourn's signature all-inclusive luxury — fine dining, open bars, intuitive service and spaces designed for relaxation. With Panache Cruises as your guide, every detail is taken care of. Together, Venture and Pursuit open the door to journeys that are not only extraordinary but truly life-changing.

# THE DEPTHS OF INDULGENCE

Seabourn's expedition sisters Venture and Pursuit have brought a new kind of luxury to the waterline: two custom U-Boat Worx Cruise Sub 7 submersibles aboard each ship, designed to deliver small-group, once-in-a-lifetime dives beneath the surface. These subs carry six guests plus a pilot and are integrated into the ships' programme to offer close-up views of reefs, wrecks and marine life that ordinary tenders simply can't reach.

Technically impressive, the Cruise Sub 7 – 300 is battery-powered, certified by classification societies and engineered for continuous operations of several hours. It is rated to descend to about 300 metres (984 ft), giving passengers a genuine deep-sea perspective through large acrylic spheres that provide near-unobstructed, 360° viewing.

Safety is central to the experience. U-Boat Worx highlights extensive class-level certification, multiple redundancy systems and long endurance testing; the subs are fitted with life-support, emergency-buoy and ballast systems, and automated safeguards designed to return the vehicle to the surface if action is not taken by the pilot. These design features — plus routine maintenance and pilot training — underpin the high dive-completion rates reported during Antarctic seasons.

Operationally, submarine deployments are conditional: itinerary icons flag sailings where subs may be offered, but use depends on sea state, visibility and the Captain's discretion and are therefore not guaranteed on every sailing. When conditions permit, a dedicated support boat and expedition team coordinate launch, recovery and guest briefings to ensure smooth, safe operations.

For travellers seeking to pair intimate luxury with genuine exploration, Seabourn's submarines deliver an experience that is both indulgent and substantive — a careful marriage of high-end comfort, rigorous engineering and expert expedition practice that opens the ocean's hidden theatre to a very small, very fortunate audience.
