

A man and a woman are standing on the deck of a cruise ship, looking at each other and holding glasses of champagne. They are positioned in the lower half of the frame. The background features a dramatic sunset over the ocean, with large, dark rock formations rising from the water. The sky is filled with soft, colorful clouds in shades of orange, yellow, and blue.

A message from JAMES

Dear Fellow Cruiser,

We're back again with another fantastic brochure featuring one of our favourite ultra-luxury cruise lines.

Silversea continues to set the standard for ultra-luxury cruising – and it's only getting better. From their new World Cruise sectors offering greater flexibility, to the introduction of S.A.L.T. culinary experiences on Silver Spirit, they're redefining what it means to travel well.

I've sailed with Silversea many times, and their commitment to innovation, service and extraordinary destinations never fails to impress. Whether it's classic voyages or far-flung expeditions, they deliver truly unforgettable journeys, and I'm always excited to see what they're going to do next.

There's a superb offer available right now that you need to take advantage of: Save up to 40% across 600 voyages; a fantastic collection of sailings in 2026–2028 spanning the Mediterranean, Asia, Caribbean and Antarctica. It's the perfect time to experience Silversea for yourself.

Enjoy this edition of Founders and let us know when you're ready to start planning where Silversea could take you next.

Happy reading.

All the best,

Silver Spirit

Silver Spirit *Glow up*

Silver Spirit has recently emerged from dry dock and is looking as fresh as a daisy!

For more than a decade, Silver Spirit has been the customer favourite, and it's easy to see why. With its all-suite, all-balcony accommodation, generous space on board and warm, personalised service, it delivers the intimate feel Silversea is known for.

Now, with its recent refurbishment bringing the S.A.L.T. culinary concept and the brand-new Riviera restaurant on board, the ship feels more contemporary and immersive than ever. Add to that a carefully curated programme of itineraries – some of them new to Silver Spirit – and it's easy to see why so many guests return time and time again.

Introducing *Riviera*

Making its official debut aboard the newly-refurbished Silver Spirit is a beautiful new dining venue, Riviera. Inspired by the Mediterranean lifestyle, this stunning venue offers an explosion of taste and impeccable vibes – you might say it blends all the best elements of Hot Rocks and The Marquee.

Riviera makes use of the free space on the pool deck and allows guests to indulge in maximum relaxation at all times of the day; attend a morning yoga session, grab a light bite for lunch and end the day with an aperitivo at sunset.

S . A . L . T .

IS FINALLY HERE!

The standout addition is the arrival of Silversea's acclaimed S.A.L.T. (Sea And Land Taste) programme. Designed to connect guests more deeply with each destination, S.A.L.T. transforms dining (and drinking!) into a cultural journey.

Guests can expect locally-inspired dishes in the chic S.A.L.T. Kitchen, hand-crafted cocktails in the S.A.L.T. Bar, cooking classes and demonstrations in the S.A.L.T. Lab and immersive excursions with the S.A.L.T. Experiences Collection.

From morning yoga to sunset aperitivos, **Riviera brings a new rhythm to life on board.**

EXPERIENCE
EXPEDITION
Differently

Expedition doesn't always mean Antarctica or the Arctic – we know that doesn't appeal to everyone's tastes. But when you take an expedition with Silversea, they do things differently. They've put an expedition spin on some of the most popular Classic Voyages to offer keen cruisers a new way of seeing their bucket list destinations.

Where a Classic Voyage takes you between established ports in relaxed comfort, an expedition offers up to 28 onboard specialists – marine biologists, historians, cultural experts – at your disposal, with nearly all excursions involving a Zodiac, kayak or guided hike into landscapes a 'normal' cruise ship simply can't reach.

For Japan and the South Pacific, for example, that means hidden coastal landings, snorkelling and immersive cultural encounters rather than docking at a harbour and choosing from an excursion menu.

Go further and delve deeper into the authentic beauty of destinations you've always dreamed of visiting with Silversea Expeditions.

Arctic Expedition Tromsø to Longyearbyen

Tromsø to Longyearbyen
Silversea | Silver Wind
9 nights

Day 1 **Tromsø, Norway**

Land in Tromsø and prepare yourself for a spectacular journey of Arctic discovery in the land of the midnight sun. Your home for the next ten days is Silver Endeavour, the most luxurious expedition vessel at sea.

Day 2 **Skarsvåg, Norway**

The world's northernmost fishing village is just a stone's throw from Nordkapp, the most northern point in Europe. With dramatic Arctic scenery, Skarsvag offers beautiful coastal hikes (Kirkeporten is a must-see), ample bird watching opportunities and delicious Arctic King Crab to try.

Day 3 **Bear Island, Norway**

This rugged island gets its name from the polar bears occasionally spotted drifting on chunks of sea ice – keep an eye out as you take a zodiac cruise through shallow bays and reefs surrounding Bear Island.

Day 4 **Svalbard Archipelago, Norway**

Explore the Svalbard Archipelago over the next few days and you'll be blown away by the wilderness of this region. Hike through Arctic tundra, head off on a dog sledding excursion (yes even in summer!) or take a zodiac tour to find whales, walruses and Arctic foxes.

Day 10 **Longyearbyen, Norway**

Arrive in Longyearbyen and say goodbye to Silver Endeavour as your Arctic adventure comes to an end.
